Copper Tube Compliance and Durability Clarified

Copper Tube Compliance:

All copper tube supplied by MM Kembla is manufactured under license to **New Zealand Standard NZS3501: 1976**, and is marked with this reference and our license number: LIC 2025

This New Zealand Standard outlines the "Specification of Copper Tube for Water, Gas and Sanitation." This standard specifies the manufacturing process, chemical composition, dimensions (including wall thickness), and the minimum hydrostatic test pressures that copper tube shall meet, for New Zealand applications.

All MM Kembla Copper tube complies with this standard and is marked like this:

MM KEMBLA NEW ZEALAND LIMITED  
21 SIR WILLIAM AVENUE, EAST TAMAKI, P.O. BOX 51-525, PAKURANGA, AUCKLAND, NEW ZEALAND.  
DOMESTIC: TELEPHONE (09) 274 0111. FACSIMILE (09) 274 0347  
INTERNATIONAL: TELEPHONE + 64-9-274 0111. FACSIMILE +64-9-274 0347.

A DIVISION OF METAL MANUFACTURES LIMITED. ACN 003 762 641

### **MM Kembla Copper Tube Durability (Our Commitment)**

Should any "Kembla" marked copper tube, subject to proper laboratory inspection, be found not to be manufactured in accordance with NZS3501:1976, Kembla will at its own cost replace said tube and make good the installation for a period of 50 years. (As required by NZ Building Code B2: Durability.)

### **Limitations on the Warranty (What we are unable to Control)**

Kembla is not able to warrant in any way

- the installation practices or workmanship of any contractor installing "Kembla" copper tube within a plumbing system
- nor the system design
- nor the environment in which the tube is used
- nor the media that is transmitted or stored within the tube

or the effect that these may have on the performance of the Kembla copper tube, each of these being outside the control and influence of Kembla.
